Designated Landmark Eligible -YES
Individually National Register Eligible – YES
Inside Historic District (contributes) –YES
Theme – Industry Era (business)

Narrative Description of Property: This 2 ½ story wood framed home was built in the Stick style. The façade is gable ended with an intersected south wing. The gable is decorated with fish scale shingles, wood bands, dentil molding and a pair of 9/1 dbl hung wood windows. The rafter ends are exposed and have a scrolled end detail. The entry is off a small porch that is on the south wing. The porch balustrade and cornice are spindled. There is a 1 story bay window on the south elevation. There is a one story rear addition and attached shed or garage.

Significance: The criteria of eligibility are associated to Criterion A&C (Properties significant for their association in or linkage to events, and architecture value) for its significance to the history of the village of Northville, the fact that it was a part of being saved from the reservoir creation and is an excellent example of the Stick style home in the village. This home retains its integrity.

This home was moved from the bank to this location prior to the reservoir (Cramer)
