**Designated Landmark Eligible -YES**  
**Individually National Register Eligible – YES**  
**Inside Historic District (contributes) –YES**  
**Theme – Small Housing movement (craftsman) & Sacandaga Park Era**

**Narrative Description of Property:** This 1 story wood frame residence was built in the Craftsman Style. The main portion of the house has a low hip roof with overhangs and exposed rafter ends. There is a center brick chimney. The windows are original 20/1 dbl hung wood. The house has wood shingle siding. Most unique is the eastern front porch with gambrel roof flanks the east side of the house. This gambrel roof is of the Colonial Revival style.

**Significance:** The criteria of eligibility is associated to Criterion A, B & C (Properties significant for their association in or linkage to events, a significant person and architecture/artistic value) for its significance to the history of the Village of Northville, the life of Edward Sargent, and is a excellent example of a craftsman style bungalow with unique front porch.

Edward Haynes Sargent was the engineer in charge of the creation of the reservoir, a graduate of the Massachusetts Institute of Technology. He came to live in Northville while building the Conklingville Dam and stayed from 1924 until his death in 1954. He built his home on Bridge Street and married Emma Olmstead of Northville.
