**Designated Landmark Eligible -YES**  
**Individually National Register Eligible – YES**  
**Inside Historic District (contributes) –YES**  
**Theme – Industry Era**

**Narrative Description of Property:** This 1 ½ story wood frame residence was built in the Second Empire style with a Mansard roof and dormered second floor windows that have triangular pediments. The first floor windows are hooded with a simple pediment. The windows are 6/6 dbl hung vinyl. The roof is metal on the peak and asphalt on the straight sides. The full front porch has a metal roof and simple center gable accent. The columns are square, tapered, and shingled. There is a rear addition that appears to be original according to the mapping and lithographs. There is also a rear bar/carriage house. There is a center brick chimney , a side concrete block chimney and a brick chimney on the rear wing (kitchen).

The barn/carriage shed has the original 2/2 wood windows. They are also hooded with a simple triangular pediment. The gable ends have had a simple Victorian verge board added.

**Significance:** The criteria of eligibility are associated to Criterion A & C (Properties significant for their association in or linkage to events and architecture/artistic value) for its significance to the history of the Village of Northville and is a excellent example of Second Empire style architecture with minor modifications. This is the only Second Empire building in Northville.
